More about your business

Does the business own all rights (including intellectual property) to the material submitted and presented for this competition?

Yes

Describe your business, product or service and what differentiates it from your competitors.

Vision Writers uses a proprietary framework to create vision statements that business owners can build upon. Their business plan, pitches, mission, values, brand and marketing can all be created from their vision statement. This is assuming the 5 pillars are used to create the vision. I have seen the vision statements written by many companies and the key problem is that the client is not involved with the vision statement enough to take ownership. It's the ownership that causes the client to take action.
