Yes

Describe your business, product or service and what differentiates it from your competitors.

My name is Tootie Claxton and my business is That Life Visuals LLC. I am an upscale media artist. My main focus has been videography, photography, and graphic design. What makes my service different from my contenders is that I am not just passionate about my work but I am also passionate about keeping memories alive. When my guest come by my studio I do not just take portraits but I show them they are my number one concern. My story started off little different then most I was working for very little pay at channel 7 news early morning show. I worked my way up to being a live truck driver setting up equipment, driving to the seen, and capturing tons of media. I knew how to use photoshop and many of the other creative media software after years of learning prior just never used it. One day I picked up my first camera of my own and never looked back. I started of taking photos for free then \$20 dollars here and there. The money was not important but my love for it grew so much I was doing it for fun and practice. Overtime after trial and error my passion not only grew to be my business but my full time job.
