JOIN THE TRIBE

The Midlands African Chamber and MAC Foundation invite your organization to become a global partner for its 2025 programs and signature events.

Founded in 2020, MAC supports African and African American businesses in Nebraska and the Midwest through networking, marketing, and cost-saving opportunities.

MAC empowers underserved communities through initiatives like Rising CEOs (mentoring youth entrepreneurs), Suit Up (job readiness for at-risk youth), Umoja Unity Forum (international trade focus), and MAC Xcelerator (supporting early-stage entrepreneurs).

Sponsorship provides year-round visibility and engagement with business leaders, supporting MAC's signature events: the Pitch Black Conference and Gratitude Gala.

Why Partner with Us

- Employee Engagement: Opportunities for your employees to participate as volunteers or attendees at MAC's events.
- Diversity & Inclusion Commitment: Showcase your company's commitment to empowering minority entrepreneurs.
- Networking: Connect with business leaders, investors, and community advocates.
- Impact: Receive a post-event report with statistics about participation, funds raised, support for small businesses within the community

Our Impact in 2024

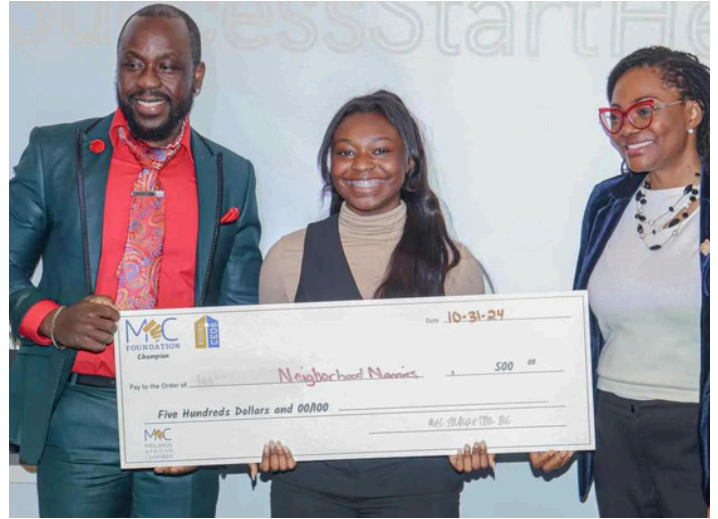

- 386+ Small Businesses Impacted
- \$133K+ Business Funding Awarded
- 326.84K+ Digital Presence Reached
- 278+ Members
- 25K+ Total Individuals Impacted

Our Programs

Rising CEOs

This year, 11 students participated in the Rising CEOs program with 3 businesses funded, and Am'Agyn Spencer, a sophomore at Duchesne Academy and the 2024 Rising CEOs Champion founded Neighborhood Nannies. Her passion for community brought her to Rising CEOs, where she was able to blend her leadership and entrepreneurial goals. "The mentors at MAC gave me guidance and confidence in my ability to succeed. Rising CEOs taught me that preparation is the foundation for success, and that careful planning can open doors".

MAC Scholarships

Supporting BIPOC students in Accounting, Finance, Law, and STEM, our scholarships encourage academic excellence. We've awarded \$24,000 in scholarships to 24 area students since 2023. Meet Leticia Tetteh, one of the 2024 MAC Scholars. Leticia Tetteh is a doctoral student at the University of Nebraska at Omaha, specializing in public finance. She is committed to advancing inclusive finance policies through research and leadership in public administration.

Umoja Forum Series

The Umoja Program promotes unity between African American and African immigrant communities in the Midwest through online forums, live gatherings, and trade missions. This year, we hosted four events that fostered economic exchange, cultural understanding, and community building, strengthening ties and encouraging collaboration across cultures.

Suit Up

Empowered over 558 young individuals this year for economic independence through professional attire, career coaching, and workforce preparation.

Theme: **Empowering Visions. Fueling Success**

The Pitch Black Conference is the premier event for Black entrepreneurs and leaders, focused on providing access to capital and leadership development. The event is a platform where visions of success are fueled, empowering entrepreneurs to turn their dreams into reality through mentorship, networking, and the opportunity to secure funding.
